

BD96 SL

The BD96 SL SCBA is a proven system for fire fighting, rescue and industrial applications. The unit includes an ergonomic lightweight back plate with flame retardant webbing and comfortable hip-pad to ensure equal weight distribution and comfort. All sets come complete with the new AutoMaXX lung demand valve and Ultra Elite facemask and choice of cylinder type and duration to suit your requirements.

The BD96 SL incorporates the new SingleLine pneumatics which uses one line to provide all the features associated with breathing systems. This makes the BD96 SL simpler, safer and more efficient, whilst increasing your ability to do the job at hand.

- SingleLine Pneumatics
- Sturdy heat resistant backplate
- Proven technology for 200 and 300 bar
- Non-flammable Harness
- Comfortable hip-pad for equal weight distribution
- Self-luminescent pressure gauge
- Large distortion free field of vision
