

GasAlertMicro 5/IR/PID

Providing protection from up to five potential atmospheric hazards including oxygen, combustible and toxic gases, GasAlertMicro 5 PID is unparalleled in its versatility, capability and overall value. Included in BW's water-resistant line of portable gas detectors the M5 PID has transformed the market with its matchless array of features. Continuously monitoring and displaying concentrations of up to five gases, the compact and lightweight GasAlertMicro 5 PID was designed and engineered with an extensive host of applications in mind.

- Integral concussion-proof boot • Optional integral motorized pump option for remote sampling •
- Powered by three AA alkaline batteries or a hot-swappable rechargeable battery pack •
- Triple alarms (audible, visual and vibrating) • Large, user selectable backlit LCD •
- Four alarm levels: Low, High, TWA and STEL • ATEX II 1G EEx ia IIC T4 •
- Datalogging models store and recall event information •
- Wide range of user selectable field options including password protection, safe and stealth modes •
- Full function self test confirms sensor, battery and circuit integrity and alarms on activation •
- Flexible power: Disposable AA alkaline (16-18 hours) or rechargeable NiMH (14-16 hours) •
